Dear Examiner Baum,

As we discussed today, this patent application has now received a final action. Thank you for agreeing to a conference call on Wednesday February 7, 2006 at 1:30 pm.

The expected agenda for the call is to discuss the prior art (Teal, U.S. Patent Publication 2003/0120935) and whether it actually shows the claimed "asserting an encryption policy for a digital asset" in response to "sensing" and then "aggregating multiple events".

Thank you for your assistance in this matter.
